National Centre for Social Research (EKKE) is very pleased to announce its Erasmus Staff Training Week: 25th-29th January 2021, which will take place online.

Our Virtual Erasmus Staff Training Week targets members of Universities, Research Institutes and Adult Education Institutes (AEI) interested in offering Critical Thinking-based courses and seminars.

The schedule of the week includes lectures on the concept of Critical Thinking and its relevance both in education and the labour market, workshops on academic writing, and sessions on how to incorporate Critical Thinking-based learning into the design of academic curricula.

During the Virtual Erasmus Staff Training Week we will discuss various approaches, methods, and practices that effectively advance the Critical Thinking (CT) and Media and Information Literacy (MIL) skills of HEI and AEI students, whose contribution is crucial in dealing with the challenges of “information disorder” at the political and societal level.

Should you be interested in participating in our Virtual Erasmus Staff Training Week, please fill in the application form (available also at <http://www.ekke.gr>) by the 22th of January 2021.

Looking forward to (virtually) meeting you!

Co-funded by the
Erasmus+ Programme
of the European Union
